Hon. Jas. E. Cabill Plaintiff in An Important Suit.

TAXPAYERS ARE INTERESTED.

Hon. James E. Cahlli. as plaintiff, Wednesday filed a suit in the Mason Cir-cuit Court in which Sheriff Perrine, County Treasurer Pearce and the various parties to whom claims were allowed at the recent session of the Fiscal Court for services as turnpike guards are made defendants.

Mr. Canill enters the suit on hebaif of other taxpayers who as property owners had been assessed for the year 1898, and in his petition prays that the Sheriff and Treasurer be restrained and enjoined from paying any of the said claims for services as turnpike guards out of the levy for this year.

The suit is hased on the following

First-That at the time Judge Harheson ade the order directing the summoning of said guards he was a member of the Judicial Department of the State Govern-ment, and the powers exercised by him belonged to another department of said Government, to wit, the Executive, and his attempt to exercise said powers was in violation of the provisions of Section 28 of the Constitution, and his said orders were without authority and void.

Second-That the appointment of said guards by the Sheriff was likewise with out authority and void, being done pur suant to said void orders.

Third-That the Lexington and Mt. Sterling Turnpike Companies are corpora then duly organized and in existence at the time of the adoption of the present Constitution, and that said companies since the adoption of the Constitution have not filed in the office of the Secretary of State an acceptance of the provision of said Constitution, and that there fore the companies are not entitled to the benefits of the legislation providing guards

for the property of corporations, to be paid for by the counties.

Fourth—That no levy was made or fund provided by the Fiscal Court out of which to pay the claims of said guards, the said Court having thus failed, as required by Section 180 of the Constitution, to specify distinctly that any part of the levy is for
